

Mississauga Foundation Catalogue of Community Needs Grant

Mississauga Foundation Catalogue of Community Needs

The Mississauga Foundation is proud to present the Catalogue of Community Needs, an opportunity for charities to share their specific needs with us. This initiative enables us to connect these needs with our donor-advised fundholders, who will consider them as part of their annual charitable giving.

Grant Details:

- **Unrestricted Grants:** These grants can be used to support any area of need within your organization.
- **Grant Amount:** A maximum of \$2,000 per application.
- **Application Limit:** Each charitable organization may submit **only one** application.

Application Timeline:

Applications will be accepted throughout February 2025. We encourage all eligible charities to take advantage of this opportunity to secure funding for their important initiatives. Visit our [Grant Seekers](#) page for details on How to Apply.

By participating in the Catalogue of Community Needs, your organization can directly inform our donors about the pressing challenges you face and the support you require to address them effectively. Together, we can strengthen the community and make a meaningful impact in Mississauga.

For more details or to apply, please visit our website or contact us at grants@mississaugafoundation.ca
